CARNATIONS **FOR 1931**

WILDFIRE (Dorner)

MARJORIE (Kircher)

Bright scarlet, seedling of Spectrum, with a marked improvement of growth and better form and color. \$15.00 per 100, \$125.00 per 1000.

SPECTRUM SUPREME

Very brilliant red. Stronger grower than Spectrum, equally free bloomer; does not split; splendid keeper. \$12.00 per 100, \$100.00 per 1000.

"ILLUMINATOR" (Baur-Steinkamp)

A seedling. Its bright cerise color fairly "looms up" among the pink shades and it holds its color exceptionally well, turning to a pleasing lighter shade as the bloom ages. It is of good commercial size, has a good calyx and stem, and, best of all, "it puts out the blooms." December and later delivery. \$15.00 per 100, \$125.00 per 1000.

LAST YEAR'S INTRODUCTIONS and STANDARD VARIETIES Rooted Cuttings

SPICY WHITE. A pure white seedling; large flower. Very free, long, stiff stem; excellent keeper and shipper. Rooted Cuttings, January, 1931, and later. \$12.00 per 100, \$100.00 per 1000. POTENTATE. A purple variety that, as a novelty has become quite popular with the retailer. A splendid producer. Has good stems, size and cally. It is an exceptionally high grade Carna-

tion. Rooted Cuttings, Ja	muary ar	nd later.	\$12.00 per 100, \$100.00 per 1000.

NEW ROSES **FOR 1931**

DE LUXE (White Bros.)

Exceptionally good, commercial, red Rose. A sport of Supreme. Color: Outside of petal about the same as Red Premier; inside of petal bright, velvety red. Formation of bud is perfect, length of petal equal to Supreme, exceptionally good keeper and shipper and the color holds until petals drop. It is a stronger grower than any other of the Premier family. A more complete description on request.

ROSLYN (Edward Towill)

A seedling Pernet x Buttercup. We believe Roslyn to be the most beautiful and distinct yellow Rose of today. A long bud, perfectly formed. Excellent keeper and shipper. Almost as free bloomer as Talisman. Color reproduction with complete description later. This Rose is better on its own roots and budded on odorat than grafted on Manetti.

IMPRESS

Introduced last season; has proven a first-class all-the-year forcer. It is of strong growth, of free flowering habit, with glossy, bronze green foliage and exceptionally distinct in its combination of colors. The bud is cardinal red, shaded orange, and as the flower develops the open flower is a beautiful salmon cerise. Petals, 40 to 45. An outstanding characteristic of the variety is its lasting qualities.

TOBACCO-TEX

Tobacco-Tex is 100 per cent tobacco and is made from the highest grade of northern grown tobacco stems. The tobacco is shredded by our own special

process.

Tobacco-Tex is an excellent fertilizer and contains much more available plant food than stable manure. Unlike manure it is free from weed seeds, dirt and dormant larvae of insect pests. We do not know of any product that will sweeten the sois and eradicate the insects as Tobacco-Tex.

Price. \$33.00 per ton (2000 lbs.) Price, \$33.00 per ton (2000 lbs.)

Tobacco Dust. A good grade of Tobacco Dust, coarse and fine together, well screened, all large pieces of stems, wood, etc., removed. 2000 lbs. \$30.00

2000 lbs. \$30.00 Cut Tobacco Stems. Specially prepared for mulching or fumigating, clean and fresh, packed in burlap bags. 2000 lbs. \$20.00.
